

Covid-19 update

In line with Government and Newcastle City Council Guidelines, we have updated our Covid-19 Risk assessment. This is available on our school website. If you have any concerns or questions, please do not hesitate to contact school. We are currently working on further risk assessments involving Educational Visits outside of school, we will keep you updated on this.

Catch-up offer

We are continuing to work on our catch-up offer to children. Some children in Key Stage 1 and 2 will have had letters home about some online work. We will be in touch this week with some families about different support.

Mathletics

In Years 2 –6, children should be using Mathletics twice per week. If you have any issues, please let your child's class teacher know.

Attendance

If your child is absent from school, please remember to contact school to let us know. Dan Morrison is available to speak to if you have any concerns around this or would like some support.

Counsellor for adults

You may already have seen the information about the counsellor service available for parents and carers on Facebook and Class Dojo. Please contact Dan Morrison or Miss Sergison if you would like some more information or to sign up.

NEAT Active challenge

Well done to everyone who has already started the challenge. There are lots of fitness activities and recipes available weekly.

Online safety

Children across school have lessons in staying safe online. We would like to remind you to be vigilant with what children are doing online. There is further advice available here: <https://www.nspcc.org.uk/keeping-children-safe/online-safety/>
